

We acknowledge the Gadigal People, of the Eora Nation,
as the Traditional Owners of this land,
We pay our respect to Elders, past, present and emerging.
We are grateful to the Traditional Owners of the land.
We thank them for their deep knowledge of traditional practices
that have continuously nurtured this land's unique flora and
fauna,
with which our menu is so ubiquitous.
Sovereignty was never ceded.

Always was, always will be.

Longshore's wine list embraces wine from all walks of life.
You'll find gold-standard classics alongside emerging
producers.

It is important for us to not only acknowledge the artisans
behind the wines,
but also curate a female/non-binary/trans
representation amongst our producers.

At the heart of it, we look for 3 defining qualities in our wines.
***Sustainable winemaking practices, gastronomic proclivity
and a sense of joie de vivre.***

**No rules, no boundaries
Drink what you love or allow us to guide you.
If you simply can't decide, drink riesling!**

Elly Webb & Dorothy Lee

*Wine Lists are a collaboration and an inheritance passed between sommeliers.
We would like to acknowledge the work of Isobel McFadden, without whom this
list would not exist.*

RIESLING

A note on Riesling.

Fear not sweetness! Food and wine together are more than the sum of their parts. Fat loves acidity, spice loves sweetness, richness loves power. Therefore riesling is one of food's greatest lovers. Below is a basic guide to the German Prädikat system.

- ★ **TROCKEN:** literally 'dry'
- ★★ **KABINETT:** Translates to Cabinet. As in wines you should always have on hand, in the cabinet. These wines are often lightly sweet or "off-dry". They are fine boned, invigorating and very approachable in their youth.
- ★★★ **SPÄTLESE:** Or "late harvest". The grapes are riper when picked and therefore the sugars are further concentrated. You'll find this style a weightier than Kabinett, medium-sweet and delightfully fruity.
- ★★★★ **AUSLESE:** Meaning "select harvest". These wines are only made in the "best years" when the climate allows the fruit to ripen to much higher sugar levels and botrytis has developed. These wines are powerful, concentrated and long-lived.
- ★ **GROBES GEWÄCHS:** AKA "GG" - Great Growths are the Grand Cru's of German Wines. The rieslings are made in a dry style, with stunning intensity, searing acidity and they will likely out live us all.
